# M-26 TASER HOLSTER THIGH RIG

QUICK ATTACH  
FULL FLAP  
PADDED HOLSTER  
WITH RELOADS

PRODUCT CODE:  
TAH-S

## THE NEED:

A durable rig that rides compactly in the squad car. When needed, the officer clips it on within seconds. Mounted, it needs to offer security & to conceal the weapon from agitated individuals. An ambidextrous ability allows for simple supply room check-out.

## THE ANSWER:

Using S.O.TECH's patented speed clip, belt hanger clip or hanger strap, our Taser holster clips on quickly & comfortably. Our unique holster switches from right to left hand with a flip of a tab. Two reload pouches provide ample backup. Full cover holster flap secures with hook & loop and side lock buckle. Customization can be done on request.

- Full flap protects weapon from public sight, damaging abrasions, & close quarters grappling.
- Dual closure flaps secures with side lock buckle & Velcro® (Velcro® rip sound can be deadened by extra piece of Velcro®).
- Foam leg pad contours comfortably to the leg to prevent shifting.
- Leg strap made of thick two inch nylon webbing & two inch side lock buckle for durability, comfort & ease of fastening (large buckles are quickly found & snapped in during stressful situations).

- Belt hanger is adjustable in height to fit all officers' preferences.
- Optional belt hanger adapter clip (BHA) and Speed Clip™ allow for quick mounting to the leg. Speed Clip™ uses ring on top of rig that clips onto the key hook found on most patrol officer's pistol belts.
- Retention strap on rear allows leg strap to be stowed compactly while the rig is riding in the squad car. Strap is extracted with a tug.
- Two spare reload pouches secure with recessed Velcro®. Flap lip & recessed pouch allow easy opening & proper finger purchase.
- Constructed of double layered 1000 Denier Cordura® Plus nylon, National Molding Plastics, strength rated nylon webbing & 138 wt thread. Will provide specs. Strongest manufacture on the market.

Dev. Asst: John Russo and Al Estrada, Escondido P.D., Mike Harding Los Angeles S.D. Strongest manufacture on the market.

## S.O.TECH TECHNICAL SUPPORT.

S.O.TECH provides technical assistance. Just call 800/615-9007 & one of our friendly customer support personnel will assist you.
