Ground Warrior Augmentation Kit

Email us for full product description sheets and/or samples. Call for military / quantity pricing. All items can be made in ACU or Coyote Brown,

MISSION GO BAG (MGB)

NSN 8465-01-557-1565

SSE Kit, Medic CLS, Breacher, Laptop, Sniper, Grenadier, SERE uses Official SOCOM Issue Go Bag for Survival and Medical Use. The most versatile bag available! Wear as a satchel, waist bag, vest mount, pack mount, butt pack, and wall mount. Multiple inserts are also available.

SO TECH GO BAG (SGB-NP)

Sling bag fit to vehicles for slick extraction. Tubular design fits between seats. Great for breacher, medical and personal gear.

SENSITIVE SITE EXPLOITATION - SSE KIT (SSE)

Vest pouch or satchel filled with SSE organizer, collection dump bags, and SSE items. Multiple sizes available. Can be stocked.

MBITR POUCH – COMMANDER (BRMBTR-CMDR)

MBITR Radio Pouch is hinged at the bottom allowing the soldier to open pouch and view screen of radio. Quick Velcro closure. Cord top fastened. Ideal for leader changing and checking frequencies often.

MBITR POUCH – BASIC (BRMBTR)

Standard pouch with cord fastened top. Velcro and Fastex secured.

FALCON HARNESS (FCH)

NSN 6545-01-532-1762 ACU

INTERNAL MAGAZINE CHEST HARNESS/HYDRATION POUCH
The Falcon, designed with the 325 AIR places six M4 Mags flat on the trooper's chest/belly, while placing PALS webbing across the surface to allow mounting of additional pouches (medical, pistol mags, 40mm, etc.) Mags are held in place by elastic cord. Shoulder harness has a hydration system carrier. Designed for wear over armor or without armor.

NODS POUCH – PADDED (PVS7)

Foam padded and lined with full ear flap coverage protects NODS. Internal ring for retention cord and battery pouch.

RIFLE BUTT CATCH (BRBCM)

Keeps buttstock from sliding off shoulder during firing. ACU Rubber hose catches buttstock and prevents slippage off shoulder. Rubber backed and adjustable.

COMPACT INDIVIDUAL MEDICAL AID POUCH (CIMAP)

Fits all elements of Army issue IFAK, but in a more compact kit only (2) bars of PALS wide. Black cross identifies med kit. External quick access flap for tourniquet. Internal slots and pouches fit all items for organized access.

GRENADIER BANDOLIER (M203BAN)

40mm set wears over body armor or drops into the Mission Go Bag (MGB).

SLIVER SLIMLINE MED PACK

(SLIVER)

Slim backpack and hanging panel in one pack. Modular design is lighter and cheaper than M9 bag. Official issue to Special Forces.

MACHINE GUNNER BELTED AMMO PACK (BMGBAP)

Carried as a waist pack or bandolier, gunner can quick disconnect, drop and feed belted 7.62mm ammunition through slot. Plastic lined with internal guides.

BLOCS ANGLED DUMP POUCH (BADP)

Gravity angular feed stacks mags neatly for a SILENT stack. Smaller and lighter than other dump pouches. Can be used for smokes, demo, shotgun rounds, and SSE collection. Mounts to vest but doesn't take up any MOLLE real estate!

SMOKE GRENADE / DOUBLE FRAG / MAG POUCH (BSGNVP)

Slim pouch has top and bottom opening to hold two frag grenades with divider which drops to allow M18 smoke or M4 Mags to insert.

WATER BOTTLE POUCH (BWBP)

Slim pouch holds standard 32 oz. screw top water bottle. Flex-Tab backing is only 2 rows of PALS wide.

FREE WATER BOTTLE WITH POUCH! UNIT CREST CUSTOM

DOUBLE PISTOL MAG VEST OR BELT POUCH (BDPSME)

Reversed flap prevents accidental opening, and allows for pre-staging for rapid reloading.

MAGAZINE SHINGLES

(BSMSM4 - Single, BTDMSM4 - Double, BTMSM4 - Triple)

Vest mounted shingle pouches with Velcro flaps. Double is adjustable for .308 or AK mags or 4 M4. Single and triple hold single M4 mags in each slot.

HYDRATION CARRIER POUCH (BHSMP)

Mounts to MOLLE/PALS on vest or pack. Holds up to 100 oz.

MISSION PACK AND INSERTS

(MP-U, MP-T, MP-X, ISMB, MSP-SNPR, MSP-K9, MSP-CMRA)

Three sizes of packs are great for specialty troops requiring smaller urban pack or expandable pack to hold personal gear plus mission specific gear (med, breacher, etc) Insert panels include medical panel, sniper panel, EOD panel, surveillance panel, and canine panel. Three packs (urban, trek, and expedition) give varied carrying capacity depending on the mission. Each pack accepts the mission panels listed below. New super-padded modular suspension makes this one of the most comfortable packs on the market. Integrates with body armor where civilian packs will not. Waterproof liners available. Mission Go Bag mounts in lower external pocket.

Special Forces 18D official issue.
