FIELD HOSPITAL

S.O. TECH has developed a medical load carriage system that mounts on ground troops, in ground ambulances, on boats, in aircraft, and in hospitals. The interoperability and interchangeability of the system promotes uniformity of medical kits and their organization resulting in better continuity of care. This system derives from a battle-tested SOF set. And parts are already found throughout the military which minimizes cost.

REMOVABLE MODULAR POUCHES = QUICK RESUPPLY

(4) TYPES OF RIP-AWAY RELEASE

QUICK RELEASE PULL STRAP

UNIVERSAL LABELS

CONTINUITY OF ID FROM BATTLEFIELD TO HOSPITAL

UNIVERSAL PACK CARRIAGE SYSTEM

WITHOUT BODY ARMOR EXTRA PADDING

WITH BODY ARMOR PADDING REMOVED

COMPATIBLE WITH 3 DIFFERENT FRAMES

WATERPROOF & DIVE-CAPABLE INSERT BAGS

CUSTOM TOOL POUCH MODULES AVAILABLE

MODULAR MEDICAL TOOL POUCH (MMTP)

MODULAR MEDICAL MEDICINE POUCH (MMMP)

NEW SPLIT VERSION

RAPID ACCESS MODULAR MEDICAL PANEL (RAMMP)
