# GO BAG

PRODUCT CODE: SGB-NP

## SMOOTH EXTRACTION & EASY ACCESS ON THE RUN.

Built as a survival bag for America's elite special operations forces & pilots, the S.O.TECH Go Bag is cylindrically shaped for smooth extraction from a downed aircraft or burning Humvee & easy access on the run.

## FITTED TO A SPECIAL FORCES LOAD LIST OF SURVIVAL GEAR.

The Go Bag's shoulder strap is tactically worn over one shoulder or around the waist to give users quick access by rotating the bag from the back to the front of the waist. The main zippers are mounted internally towards the body in case of zipper blowout during vehicle impact. It is fitted to a Special Forces load list of survival gear, rations, radios, medical gear, & ammunition. The Go Bag was chosen to be featured in "Transformers" a Paramount Studios motion picture released in July 2007.

## THE GO BAG IS COMPRISED OF:

- A main compartment with double linked zippers (dimensions: 20" x 8" x 8")
- Internal hydration reservoir slot (canteen not included)
- 4 zippered flat side pockets for small items or documents
- 3 larger zippered external pockets (dimensions: 5.5" x 5" x 3")
- MOLLE/PALS/Flex-Tab™ attachment webbing on both sides
- Padded contour single shoulder strap with quick-ditch side locking buckle
- Shoulder attachment points & carry handles on each end
- Made in the U.S. of military-grade Cordura® cloth, webbing, & fasteners to U.S. Special Forces specifications
- Available in Khaki, Black, & Multicam Camouflage Pattern, other colors are available on request
